

Sourdough Naan

388 g flour

135 g water

1 t salt

2 T melted butter

120 g yogurt or about 90 g water

1 t sugar

1. Add as much starter as you have up to 135 g
2. mix equal parts flour and water to get the full 135 g water
3. Let it feed
4. Add salt, sugar, melted butter, and either full amount of yogurt or somewhat less water (you can adjust flour in the end to hit the right consistency)
5. Mix in the rest of the flour
6. Let it rise for a while
7. Cook on pretty hot skillet
